

**AZ Vocabulary**

1. You can **regroup** to show an amount another way.

1 **hundred** is the same as \_\_\_\_\_ tens.

2. Find  $348 - 175$ .

348 has 8 ones. Subtract 5 ones.

This leaves \_\_\_\_\_ ones.

348 has \_\_\_\_\_ tens.

You need to subtract 7 tens.

Regroup 1 hundred as 10 \_\_\_\_\_.

This makes \_\_\_\_\_ tens.

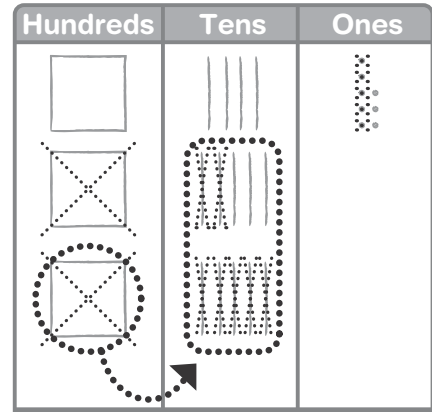

Now subtract 7 tens. This leaves \_\_\_\_\_ tens.

348 had \_\_\_\_\_ hundreds, but you regrouped.

Now you have \_\_\_\_\_ hundreds.

Subtract 1 hundred. This leaves \_\_\_\_\_ hundred.

So,  $348 - 175 =$  \_\_\_\_\_.

**On the Back!**

3. Draw place-value blocks to find  $351 - 148$ .

Regroup if you need to.
