

**AZ Vocabulary**

1. A **pattern** helps you decide what comes next.

35, 45, 55, 65, 75, \_\_\_\_\_

Think about how the numbers change.

That is the **pattern rule**.

Do the numbers above **increase** or **decrease**? \_\_\_\_\_

What is the pattern rule? \_\_\_\_\_

2. Sort the numbers below from least to greatest.

Then find the pattern rule.

308

508

208

108

408

Find the least number. It is 108.

Find the greatest number. It is \_\_\_\_\_.

Write the five numbers in order from least to greatest.

\_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_  
**least** **greatest**

Each number is \_\_\_\_\_ more.

The pattern rule is \_\_\_\_\_.

What number will be next in the pattern? \_\_\_\_\_

**On the Back!**

3. Write five numbers that follow a pattern rule.

Put the numbers in order. Tell what the pattern rule is.
